He will use some of the players from Billy Doyle's school, no matter to which club he is assigned.

## Work On Village Improvements At New Boston Pushed

Adoption of one ordinance and two resolutions of minor importance, and allowance of two large estimates was the principal work of New Boston council Monday night. Member Thomas Harr was present, but had to leave on account of sudden illness.

Bills amounting to \$350.70 were allowed. Watkins and Phillips, contractors, laying the pipe for the village's distributing system, were allowed their fourth estimate of \$1200 on their contract of \$7885.92, with a balance of \$1734.82 remaining. The Standard Supply company was allowed its fourth estimate of \$2,000 on its contract of \$16,481.00 for material for the water system. A balance of \$428.82 is to be paid.

Charles Dixon, chairman of the street committee, reported that he had investigated the complaint set forth in the David E. Hanna petition asking that council have removed from the tax duplicate the cost of the cement sidewalk laid by the village sometime ago. Dixon said the sidewalk was below grade and not fit for use. Council ordered Clerk Thomas O'Neal to notify the county treasurer to remove the cost of the walk from Hanna's taxes.

Louis Nauree addressed council asking that some steps be taken to remove the corner-stone on his lot, Vine and Grace streets. He intends to make several changes in his front yard, and as the stone is two feet below the surface he wants it moved to the sidewalk line. Engineer Sam Harper was ordered to see the stone was properly moved.

A petition signed by M. L. Slom, Ira Pierce, C. G. Booth and William Birch was presented to council, asking for the vacation by the village of a short alley in Stewartsville, running from Cedar street to Spruce street. The petition says the alley is only twenty feet wide and of such width that it is of no benefit to the abutting property owners. Council will investigate. Solicitor Skelton being ordered to bring in the necessary legislation for the vacation of same.

Charles Esman, who is to sprinkle Gullin pipe, asks that the price paid as the village's portion be increased as he has to pay for his water this year. The village last year paid \$15 for sprinkling in front of the town hall and intersection.

## \$20,000 ALIENATION SUIT NOW IN HANDS OF JURY

Evidence in the Burt-Alspaugh \$20,000 alienation suit, which opened in common pleas court on Monday afternoon, was all in at 2:10 Tuesday afternoon, and the attorneys entered at once upon their arguments before the jury. Judge Blair opened for the plaintiff, and was followed by Theo. K. Funk for the defense. The closing argument was made by Judge Blair.

In addition to his regular charge Judge Thomas, gave a special charge to the jury, which was prepared by the attorneys for the plaintiff. The case went to the jury about 3:45 o'clock.

A sensational feature occurred near the close of the hearing Tuesday afternoon when Judge A. Z. Blair, one of Burt's attorneys, filed an affidavit in Squire Byron's court, charging Martha Holland, one of the defendant's witnesses, with perjury. The warrant had not been served at press time, as Sheriff Smith is out of the city, and Deputy Sheriff Arthur and Constable Lou Sealing were out serving other papers.

Judge Blair claims that Miss Holland's testimony was impeached by her own deposition taken a few weeks ago and by the testimony of four or five witnesses. The Holland woman is living on Eleventh street at present.

Preston Sheppard was the first witness called by the plaintiff's attorneys Tuesday afternoon. He denied having been in the company of the plaintiff's wife prior to September 22.

Mrs. Burt was recalled for the third time to the stand. She said that she had been with Alspaugh several times after September 22, on one occasion to buy some curtains. She said they talked over their transactions, and what had taken place between them before Judge Blair read portions of the deposition of Martha Holland, a witness for the defense, taken several weeks ago, in an effort to show her testimony at that time and when on the witness stand conflicted.

Mr. Alspaugh was recalled by the defense, and testified that he had never at any time discussed the relations between himself and Mrs. Burt with Mrs. Burt. He said the last time she was in his store was when she came to borrow \$10. He also stated that it was during the Kora Karnival that he first heard that he was being mentioned in connection with the couple's troubles.

Tuesday's Session

Mrs. Adah Burt, wife of the plaintiff, was recalled to the witness stand by the defense at the opening of the Tuesday morning session in common pleas court. She denied having said on September 1st that if she ever got into trouble she would lay it upon a prominent business man.

Objection of the plaintiff's attorneys to the question as to whether she had been guilty of improper conduct with a certain young man during October and November was sustained by the court on the ground that it had reference to something which occurred after the date mentioned in the petition. Asked about another man who she replied that she did not know him until last December.

She testified that her husband first knew of her alleged relations with the defendant during the

Kora Karnival last year. Martha Holland, who testified Monday afternoon, was recalled to the stand by the defense. She testified that Mrs. Burt told her that "she loved Ebmeier better than she did her husband," and that she also told the witness that she never did love her husband. She also said that Mrs. Burt told her that if she ever got into trouble she would blame it upon some business man.

Her testimony that one of her admirers bought Mrs. Burt a hat last Christmas was ruled out on the ground that it occurred after September 22.

On cross examination she said that Ebmeier was there off and on for a month, almost every day. She said that Mrs. Burt admitted having improper relations with Ebmeier at least a half dozen times prior to September 22.

The witness told again of having been to the Wild West Show on September 16 with Mrs. Burt, and of their experiences with two fellows, which was largely a repetition of her evidence Monday.

Henry Duffey, the next witness testified that he had known Mrs. Burt since December 17, 1914, and Howard Rowe, who followed him, said he had known her since October 2, 1914. The latter witness, who is one of the men referred to in the incidents of "circus day," testified that he was employed at the steel plant all day on the day that the Wild West show exhibited in this city.

With the examination of Rowe the defense rested.

James Long was called by the plaintiff's attorneys in rebuttal. He said that himself, his wife, and Mrs. Burt went to the Wild West Show on September 16, and that Miss Holland was not along at any time.

Albert Lillich, timekeeper at the Irving Drew shoe factory, was called to impeach the testimony of Miss Holland. He produced time cards to prove that Miss Holland was at work in the factory on "circus day."

Frank Milhuff testified that he saw Mrs. Burt and Mr. and Mrs. Long together on the show grounds on "circus day," but that the Holland woman was not with them, and William Davis also testified to the same thing.

Court then recessed for the noon hour.

Monday Afternoon.

Good headway in the examination of witnesses in the Burt-Alspaugh \$20,000 alienation case was made Monday afternoon, the plaintiff's attorneys concluding their case before the session was over. Several of the defendant's witnesses were examined before adjournment.

Edward Burt, the plaintiff, was the last witness called by his attorneys. He gave his age as 26, and said that he was married in 1910 to Adah Cooper, and that one child was born to them. He said they lived with his wife's mother, and got along nicely together until September 22, 1914, the date mentioned in the petition. His average weekly wage was \$12, he said, and his wife handled all of the money.

In response to a question from Judge Blair, he said he had no definite knowledge of his wife's infidelity until after taking the depositions of his wife in their divorce suit.

He testified that he got his first knowledge of her misconduct on February 15, and that as soon as

he learned the name of the man who he thought ruined his home, he sued him for damages.

On cross examination, he said that he was working on the day of the Wild West Ranch Show, and could not remember whether his wife was home when he returned home that evening. The defense is attempting to show misconduct on the part of the wife on that day, which was before the date mentioned in the petition.

Burt denied any knowledge of misconduct of his wife with any other men except the defendant prior to the filing of the petition for damages. He also denied having gone to certain places in the city and of having found his wife in company with other men.

The deposition of George Ebmeier, a former Portsmouth young man, now in the United States army, was offered by Attorney Funk for the defense. Ebmeier is now stationed at El Paso, Texas. In the deposition he said he knew Mrs. Burt, and roomed at her house from August, 1914, to September 5, 1914. He further states that he was guilty of improper relations with her early in September last, about three weeks before the Kora Karnival was held.

Another deposition was offered that of Perry Moore. He said he first became acquainted with Mrs. Burt in August, 1914, when he went to her house to see Miss Martha Holland, with whom he said he kept company until she left the city.

David A. Alspaugh, the defendant, was the next witness called. He testified that he had known Adah Burt for the past eight years, and that he had been located in business in his present location for twelve years. The plaintiff's wife, he said, had made many purchases at his store since her marriage in 1910.

He testified that she came into his place on September 22, 1914, to buy a davenport, and that she selected a \$19 davenport, paying \$5 down on it. He said that he and the woman were on the second floor for between ten or fifteen minutes that day, and that she left for home immediately after. He denied having hugged or kissed her, or of having improper relations with her.

She returned the following afternoon, he said, and later he received a note from her, asking him to come over to the house as the davenport was unsatisfactory and she wanted to exchange it for another. He said he sent a man over to attend to it.

When she came to select the second davenport the witness said that Mrs. Burt said she wanted a rocker, and that he took her to the third floor to show her the stock. While there, he said he gave her some second-hand window shades. They were on the third floor but a short time he said. When Mrs. Burt returned home she telephoned him not to send the rocker, the witness said.

Before the direct examination was concluded, Mr. Alspaugh denied vehemently that he had been guilty of misconduct with Mrs. Burt at any time or place, and that he had not tried to win her affections.

On cross examination the witness denied that Mrs. Burt had ever sent him a note, suggesting a meeting; he denied that she had ever come to him during the Kora Karnival and advised him that her husband was suspecting them of too friendly relations; and he denied ever having talked with Mrs. Burt about the present case. He also denied a reputed conversation between him and Mrs. Burt on October 3, when they were supposed to have discussed the dangers they were in.

Julius Ebmeier, of Twelfth and Chillicothe streets, testified that Mrs. Burt was at his home frequently. He also stated that he made his son leave her home to get him away from her.

Miss Isabelle Collins, bookkeeper at the Alspaugh store, was the next witness. She testified that she had been a bookkeeper and stenographer at the store for the past eleven years. Adah Burt, she said, started trading with the store about four or five years ago. She corroborated the testimony of Mr. Alspaugh regarding the davenport transaction. At no time, she said, was Mrs. Burt there over ten or twelve minutes, and she did not ever see anything improper going on between Mr. Alspaugh and Mrs. Burt.

Martha Holland, 20, a shoe worker, was the last witness of the afternoon. She said she went to Burt's to board last July. She said she often saw a certain young man there prior to September 22, and that on one occasion, Mrs. Burt accompanied him to an outbuilding back of the house. The witness said she acted in the role of a sentinel, and was to rap on the back of the door if Mr. Burt came in. The couple, she said, were out there about a half hour. When she returned she had a dollar and two small rugs. The same man came back a second time, she said, and the witness left them together in a room. The man again gave Mrs. Burt money, she said.

The witness told of Mrs. Burt and herself meeting two fellows at the show grounds last summer, and going with them out Kinney's Lane. Mrs. Burt and her male companion separated from them, and when they came back Mrs. Burt had two dollars. Miss Holland told the jury about other men having relations with Mrs. Burt, and of the latter telling her of her improper relations with other men.

Court then adjourned to convene Tuesday morning at nine o'clock.

### The Dream

Little Tillie Smith was a pretty little girl, much like hundreds of other pretty little girls in her town. She dreamed much the same kind of dreams.

In her child's eyes, she saw her future home, a sort of semi-fairy castle with the usual dark haired, broad shouldered hero in the foreground.

Tillie was not less deserving than others of such a reality, but in the practical course of a practical world, she married a practical young man of her "set."

By strict economy, in a few years they saw the essential part of their dream come true.

### The Reality

In "The Times" "What" Ads, the above ad appeared one day. Tillie and her husband had been reading "The Times" "What" Ads daily for a number of months.

Eventually, the deal was consummated and the home is now their own. Incidentally, they are probably as well satisfied as if "the dream really had come true."

"Times" "What" Ads make the practical part of the dream come true.

## THE GREAT AMERICAN STOMACH

Is it performing its functions along with the kidneys, liver and bowels, so that all are in perfect harmony? Is it doing this, or is it allowing your food to remain partly undigested, sending poisons through the body, causing distress after eating, indigestion, headache, whirling noises in the head, loss of flesh and a low complexion?

Does the fact that your kidneys are not working properly, cause you intense pain in answering the more frequent calls of nature? Is your urine highly colored? If so, you must do something immediately. Over in Holland the sturdy natives keep GOLD MEDAL Haarlem Oil Capsules in the house at all times and take one before every meal and one at bedtime, at the first sign of ache or pain. They have been doing it for more than 200 years. So generally is this medicine known there, that it is called THE NATIONAL REMEDY OF HOLLAND.

It is made at the ancient laboratories in Haarlem, Holland, by the Genuine Haarlem Oil Mfg. Co., where it has been manufactured since 1696. Her Majesty, Wilhelmina Queen of the Netherlands, granted a charter to the company as successors to G. DE Koning Tilly, recognizing it as the original company. For sale by all reliable druggists in 25c, 50c and \$1.00 sealed packages. Money back if they don't help you. But be sure to get GOLD MEDAL, imported fresh every month, through the American Office of the Genuine Haarlem Oil Mfg. Co., 194 Water St., New York.

### NOON EXTRA ANNIVERSARY.

One year ago today our Noon Extra edition made its appearance on the streets and it is most gratifying to the publishers to be able to announce that its success has been of such a phenomenal character that it will be continued and made a permanent edition of The Times. Every effort will be made to give this little paper an individuality all its own. Many features will appear in it that will appear in this edition only. At present we are running the Eva Sheppard cartoons in The Noon Extra only and it is our intention to add another comic in the near future. This edition gives a brief resume of the news up to 11 o'clock, and carries the big stories of the night and early morning, both at home and abroad.

We have often been asked as to the circulation of the Noon Extra. Well, it varies according to the news. It is purely a street sale edition and its sale depends largely upon what is going on. The sale has run over 4,000 and it has never gone below 1,100, the latter being on rainy days, the average daily sale for the year being 1,500 copies. With the purchasers the edition has come to be regarded as a necessity, and it can be truly said to have filled a niche all its own. It is filled with live news, the whole four pages, and the pink paper upon which it is printed, adds to its attractiveness.

The Noon Extra edition is not a moneymaker to The Times. It is regarded more in the light of an advertisement for the paper, and as a part of the plan of the publishers to give Portsmouth people service equal to that in any large city.

We recently closed a contract for a carload of pink news so that the distinctive color of the edition should not be lost in the shuffle. We also purchased green and yellow rolls of paper upon which special and extra editions will hereafter be printed.

We are appreciative of the many citizens whose patronage of The Noon Extra has made it a success and we will continue in our efforts to make it bright and readable.

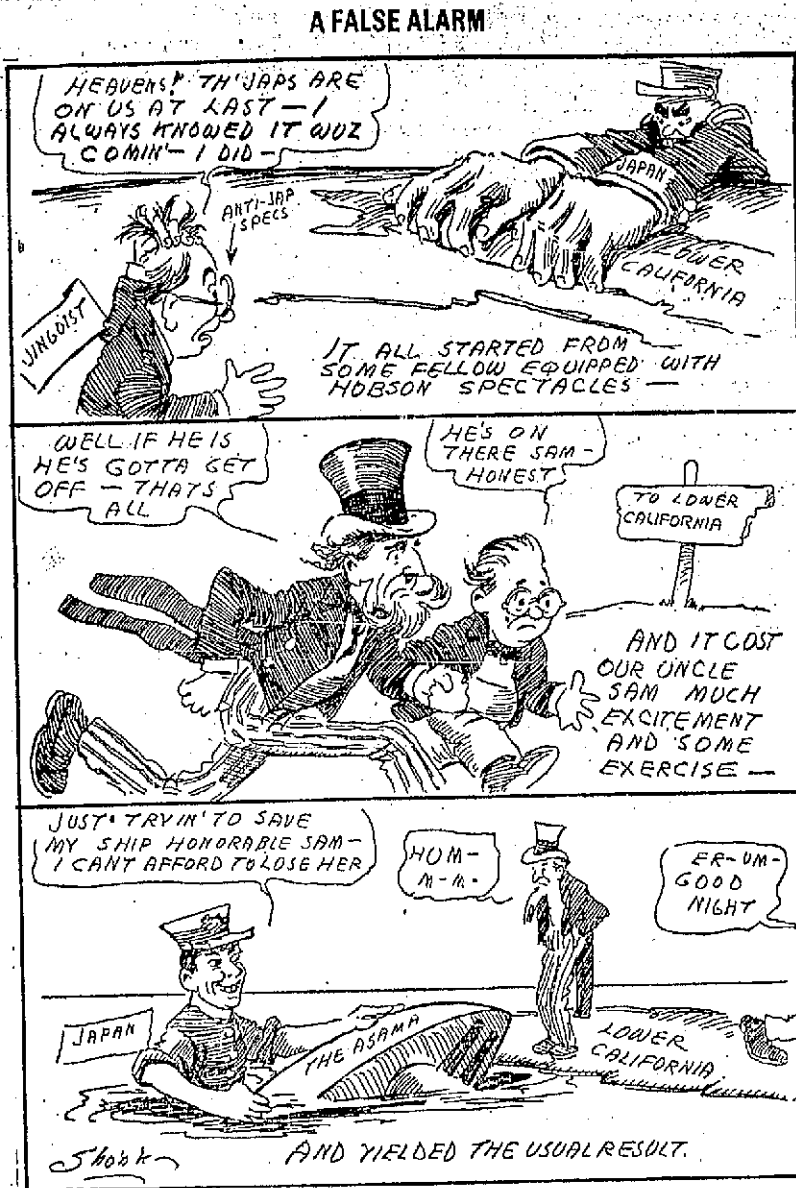

In this connection it is not amiss to say that The Times will shortly add another edition, an early mail edition, designed to catch the afternoon trains and thereby covering nearby towns the same evening. This edition will contain all of the news of the regular edition excepting one page or upon rare occasions, two pages.

### JUST AN ADMONITION.

Taking occasion of the fact that there were to be two marriage ceremonies in the church this week, Reverend Father McGuirk, of Holy Redeemer, offered some salutary admonitions in regard thereto. He would impress that matrimony is the most serious and the most sacred relationship that man and woman can enter into. Therefore the ceremony which makes them husband and wife is not to be lightly regarded, but observed with a solemnity that is in keeping with its importance. Too often, nowadays, the sacrament was accompanied by a display of alleged humor that degenerated into something worse than buffoonery and the jokes perpetrated upon the bridal couple transgressed decency and offended modesty. He was happy to say that such desecrations were becoming more infrequent, but youth was ever heedless and it was well it should be cautioned to take thought, because otherwise it was too apt to imitate any excess, or so called fun. With divorce the national crime and shame, sapping not only the security of the home, but the very foundation of just government, it was more necessary than ever that the sanctity of marriage should be held inviolate, its ceremony be altogether safe from profanation and he hoped Holy Redeemer would be the last to witness any action of its membership that would reflect anything other than a reverent regard for marriage and its ceremony.

The words of the pastor are as serious as they are opportune. The constantly expanding evil of divorce to which he adverts is palpably within the observation of all those who take any note of public conditions. It is, possibly, true, as he offers that the jest and buffoonery now so often an accompaniment of marriage ceremony have a strong tendency to make the marriage itself, if not a mockery, at least a too lightly regarded an undertaking. A thing is consequent, or sacred as the public mind takes it, because individuals are seldom stronger than public opinion. If the public make light, mock and jest, of an undertaking, the ties that bind therefrom will be lightly regarded and so easily cast aside and disregarded by one or both parties concerned.

### POLLY AND HER PALS

### SOME ACCIDENT STATISTICS.

A friend sends us a circular issued by the National Safety Council showing that in the past 25 years 237,181 persons were killed or injured walking on railroad tracks or slipping on cars in the United States. Of these 113,570 were killed and 123,611 were injured. 156,640 were citizens of the locality in which the accidents occurred, mostly wage earners; 33,205 were children under 18 years of age; and 47,436 were transients and hobo's. Thus 80 per cent were either citizens who carelessly walked on railroad tracks or who attempted to hop trains, or were children who had made railroad tracks their play grounds or who had attempted to slip on trains and steal a ride.

These appalling statistics should bring home to our people the danger attending intrusion upon railroad tracks or property generally and the necessity of the greatest caution when it becomes necessary to cross tracks. It should also impress upon parents the urgency of the strictest discipline in the case of children who are found to be disobeying orders and wandering about freight trains or playing on railroad tracks.

Each person and each family ought to be a little "Safety First" organization, not only as regards railroads but also as regards all other forms of danger. If they would do this there would be a wonderful decrease in the number of accidents.

### NEW TIMES FEATURES.

The Times has closed a contract with the New York Herald Syndicate by which, beginning May first, we will resume the daily cartoon and feature service so long carried by this paper. This includes the old favorites, "Trials of Editor Mouse", "Diary of a Dyspeptic", "For This Have We Daughters", and the like. They will add to the general attractiveness of the paper during the summer months.

The Times is primarily a newspaper. We have one price to all and we do our best to give full value received to each and every subscriber. That we succeed is shown by the fact that occasionally a subscriber may wander away to another paper, but they invariably come back.

Of course Charlie Dixon and Big Bill Jenkins are all right enough as word workers, but no doubt they realize now that they overshot the mark a little when they invited a great big statesman like W. G. H. to come to New Boston and make a speech at their free feed. When the real high-toned element of the party wanted our new senator he didn't run away from their feed. Not much. He's going to be here and Charlie and Big Bill and the rest of their cohorts can have the privilege of looking at the great man and the local great men as they march by in the procession at one dollar per look.

We reckon good can come out of Nazareth. Chicago is organizing a "bake-at-home movement."

It is ever something new. Canton has her Carnegie library—what Ohio town didn't the canny Scot put it over on—and now she wants a public library in every school. What the ordinary town needs, and Canton is only ordinary, is not more libraries and more books, but more people who will patronize libraries and read books.

Any man could have made a fortune in Wall street the past fortnight, had he had his guesser and a little cash in good working order. That is why Wall street is cursed so much. The average individual can't get the two to working together.

Our money's down that Charlie Hard will get to hang onto Warren Harding's arm as he perambulates from the train to the waiting automobile and that Young Doc Sellards will get to carry Governor Willis' grip. Anybody want to take us up?

### Keep Smiling 'But—

It will not suffice to keep smiling; It will not quite serve to be gay. It's never enough to sing out: I'm the stuff! I'll win—if you give me my way. You've got to stand up to disaster, Defeated, your courage renew; Then say with a grin that means business, "I'll win" In spite of the worst you can do!"

The world loves a smiler—that's granted; But sometimes the world, without fear, Is quick to surmise that his anger won't rise, So hands him a poke in the ear! Then if he keeps buoyantly smiling Nor takes in his humor a tuck, The world will declare: "Since he seems not to care, I'll swat him another for luck!"

Keep grinning! Oh, yes, be as cheery As ever you wish to the while; But show that beneath is a full set of teeth To back up and bolster the smile. Remind the old world that you're ready To fight to the end of the war; The world then—no myth—no you will get to smile with you That might have smiled at you before! —Chicago News.

### HOW THE ANIMALS MADE GARDEN

In telling of the garden plots, I think I will commence With J. Augustus Rabbit's, which was planted next the fence. "If I may plant just what I please," young J. Augustus said, "I'm very sure that I would like a splendid cabbage bed."

"A cabbage is a lovely thing; it's pleasing to the eye, And will be pleasant to the taste," he added, "by and by." And so he set some cabbage plants, all neatly in a row, Then watched them with an anxious eye to see if they would grow.

And grow they did, until one day young J. Augustus said, "I'm sure that it would do no harm to eat one cabbage head; I never had experience," said he, "with garden stuff, I'll have to eat one so I'll know if they have grown enough."

Next morning when the children went to see their garden beds They found that all the cabbages had lost their nice green heads. They ran for J. Augustus and said, "Come out here quick!" But J. Augustus only meamed, "I can't; I am too sick!"

The reason for this state of things is very, very plain; Augustus dined on cabbage till he got a dreadful pain. Said he, "I have decided the next garden that I make Will only have things in it that won't make my stomach ache."

Then Mother McGrew shook her kindly old head, "I know you'll be wise the next time," she said, "For I'm sure you'll agree, there's no uglier weed That a young child can grow than the one that's called greed."

### BIG EATERS GET KIDNEY TROUBLE

Take a glass of Salts before breakfast if your Back hurts or Bladder bothers you.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out; they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health. When your kidneys feel like lumps in your back, or you suffer with rheumatism, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jael Salts; take a tablespoonful in a few days and your kidneys will then act free. This famous salts is made from the ash of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jael Salts is inexpensive; cannot injure, makes a delightful afternoon lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.

# FOREST FIRES THREATEN PENNSYLVANIA TOWNS AND SOUTH NEW JERSEY

Philadelphia, Pa., April 20.—Forest fires which have been raging in Pennsylvania and Southern New Jersey for several days, are assuming alarming proportions. Vast areas of valuable woodlands have been devastated, and school houses and barns have been destroyed, while several towns have been threatened with destruction.

More than 18 miles of forest land have been laid bare in the vicinity of Pottsville, N. J., and fire companies from that place, Egg Harbor and neighboring towns were fighting desperately last night to check the flames. The Shore electric line of the Pennsylvania railroad was on fire at one time during the night, and traffic was held up temporarily.

Property owners in the fire zone estimate that the damage so far exceeds \$100,000.

Several thousand acres of woodland was burned over in Burlington and Ocean counties, but it was believed late last night that the flames in these sections were under control.

## One Cent Letter Postage Being Agitated

One cent postage rate on letters is again being brought before congress and many high officials declare that it is sure to come into the near future. All classes of business would be greatly benefited by the reduction, and estimated statistics show there would be such an increased demand for stamps that the important loss of revenue would be more than made up.

It is an impossibility to place an estimated value on letters, it being a most priceless possession, but, perhaps you have been careless or negligent and have allowed valuable to develop until you are now in a badly run-down condition, with poor appetite, impaired digestion and constipated bowels.

In order to get back to health and strength you must first help Nature restore the stomach, liver and bowels to a normal condition. This suggests the friendly aid of Hostetter's Stomach Bitters. You will find it an excellent tonic, appetizer and strength maker and well worthy of your confidence.

It is an absolutely pure medicine, adapted to all ordinary family ailments, and your health will be greatly improved by giving it a fair trial at once. Be sure you get the genuine Hostetter's Stomach Bitters with the Private Stamp over the neck of the bottle.

# GARY EXTOLS FAITH IN INDUSTRIAL OUTLOOK

New York, April 20.—Directors of the U. S. Steel corporation, it is being known today, in voting at their first quarterly meeting in January to pass the dividend on the common stock, did so in the face of opposition on the part of the many stockholders who thought the dividends of the world, America is taking the lead. Finance, industry and commerce are better today than ever. I hope that the holders of our common stock even while not getting dividends at present will not despair and sell it for something that they like better.

In a formal statement, Judge Gary said:

"We were confronted with the choice of passing the dividend or reducing wages. In view of the present high cost of living, we believed that the men were entitled to the wages they were receiving, which we think are not too much. We have no doubt the stockholders will approve of our decision to continue the payment of wages."

"I assure you that the country will prosper and I want to pledge again that the management of this corporation is going to be thoroughly open and careful and that it has nothing in mind except the advancement of the interests of all."

## THE PERILS OF BRONCHIAL ILLS

**SCHENCK'S SYRUP**  
contains no narcotics. By prompt reduction of the bronchial inflammation it relieves the keen pain and dull ache that throbs through the air passages and supports the affected parts. Eighty years a family medicine for the treatment of bronchitis, coughs, hoarseness.

## G. O. P. CARRIES CHARLESTON BY 500 MAJORITY

Charleston, April 20.—In the first municipal election held under the new city charter enacted by the recent session of the State legislature the Republicans triumphed completely, electing the mayor, city treasurer and thirteen of the twenty councilmen. George E. Breece, lumberman and banker, was elected to the majority over Albert J. Humphreys, the Democratic nominee, and is the first Republican elected to that position since 1905. Breece received 3,523 votes and Humphreys 3,011. H. Platt Brightwell was elected city treasurer over D. H. Gates by 322 plurality.

The total vote was 6,600.

## ALLEGED SPIES ARE INDICTED

London, April 20. True bills were returned by the grand jury in the Old Bailey police court today against three alleged German spies. Knipferle, Hahn and Mueller, charged with sending military information to Germany.

## TOLEDO MAN EXPECTED TO DIE

D. L. Bower, treasurer and manager of the New Overland Real Estate Exchange at Toledo, thought death was close upon him. He suffered from derangement of the stomach and digestive tract and his condition was highly discouraging.

He took Mayr's Wonderful Remedy. Then he cheered up and went to eating. He had new interest in life.

J. W. Wood, Mr. Bower's partner, wrote:

"This remedy is surely one of the greatest medicines I ever heard of. My partner spent \$2,000 with renowned doctors in trying to get relief. He gave himself until about the 20th of September to live. He has taken three doses of your remedy. Now he can eat and sleep without any distress."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

### ENDS INDIGESTION AFTER EATING

Just because the person pills, soda water and other artificial digestive tablets give you have been taking no longer give you the desired relief and you must take two, four or six instead of one to stop your heart burn, flatulence, sour rising, belching and stomach lump. It's no sign there is no quick relief for you, but a sure sign that it's high time you changed your medicine. Give up these so-called aids to digestion that work on the food and do the stomach no actual good or "soft" relief and heart ailment. You need a remedy that will strengthen your stomach muscles and bring and increase the flow of digestive juices. Then your stomach will do its own digesting.

There is an old time remedy called Mica-stomach Tablets which give wonderfully quick relief in such cases. In this vitamin self-Mica-stomach stomach prescription and no matter how bad your stomach is, how long it has bothered or what or how much you eat, these little tablets will make your stomach digest every last particle of food in it. Warts, Brax, or most any acid druggists. They are a splendid food and a positive guarantee of satisfactory results or money back.

The chimes of Holy Redeemer church played selections appropriate to a wedding this morning just previous to the marriage of Mr. George Bruch and Miss Eunice Kerrigan, which took place in that beautiful church this morning at half-after-six o'clock. The attendants were Miss Mary Kerrigan, of Cincinnati, sister of the bride, and Mr. Frank Bruch, twin brother of the groom. The ceremony was said by Rev. J. E. McGuirk. The attractive bride wore a pretty suit of silk poplin, of putty color, so fresh and new this season, with hat, gloves and shoes to match. The maid wore a tailored suit of blue with hat to match. After the ceremony an elegant breakfast of several courses was served at Seel's parlors, where guests, including relatives and most intimate friends. Selections on the Victrola were played during the breakfast. The bride has made her home with her grandmother, Mrs. Susan Flannigan, since the death of her mother, Mrs. Owen Kerrigan. She only recently resigned her position as deputy clerk in the office of the county recorder to prepare for her marriage.

The groom is chief clerk to Trustmaster G. F. Turley, in the S. & W. office, and is a splendid young man. Among the guests from abroad were Miss Mary Kerrigan, of Cincinnati, sister of the bride; Mr. George Kerrigan, of Columbus, brother of the bride; Mrs. D. P. Coll, of Jackson, aunt of the bride; Miss Mame Flannigan, of Huntington, and Mrs. John Green, of Chillicothe, cousins of the bride; and Miss Elizabeth Haley, of Wheelersburg. The young couple were the recipients of many handsome gifts. At the end of a visit in Cincinnati, Indianapolis, Ind., and St. Louis, Mo., the bride and groom will go to housekeeping in a pretty home, 3729 New Fifth street, where they will be at home to their friends after May first.

Mr. and Mrs. Harry W. Miller and guest, Miss Belle Dupra, of New Orleans, and Mrs. John Reilly motored to Huntington yesterday.

Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend."

It is during the period of pregnancy it is applied to the abdominal incision and is designed to soothe the irritable network of nerves involved. In this manner it has such a beneficial influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do those knowing mothers speak of the absence of morning sickness, the absence of aural on the ligaments and freedom from those many other distresses which are usually looked forward to with so much concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself is a very wide popularity among women. It is absolutely safe to use, renders nature and is composed of those emollient best suited to thoroughly lubricate the nerves, muscles, tendons and ligaments involved.

You can obtain "Mother's Friend" at almost any drug store.

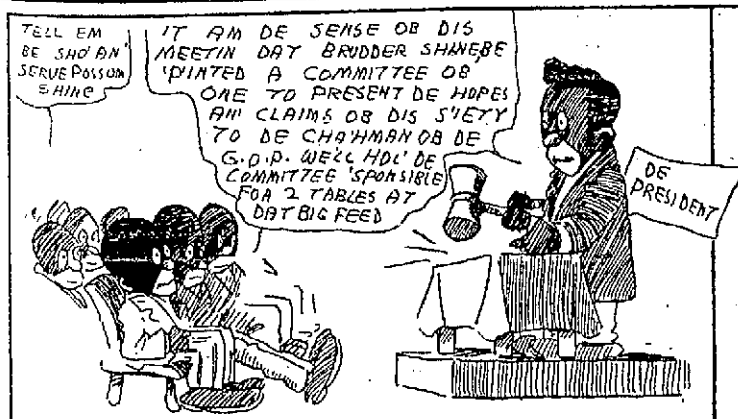

It is prepared only by Dr. J. C. Regan, Co., 200 West Fifth, Atlanta, Ga.

Ben Osborn, a local motorman, will return to his work on the street railway line Thursday after a three week's illness.

J. T. McMahon, of Offutt street, has been laid up for the past month with stomach trouble and rheumatism.

# Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise care The Daily Times, Portsmouth, O. Office Phone 60. Residence A-590.

Dear Dolly—I read of so many advice that you give to girls, and I will come to you for advice, as I have so often wondered what to do and as I can't figure out what to do. I will ask you to please give me advice. It is like this: I am 23 years old and I am married. Have been for seven years. I got two bright little girls with curly blonde hair, one three and the other five. Me and my husband are parted. We have been parted ever since last summer. I work and make my own way in this dark world, but I am so lonesome at times that I wish I could die. I work here but my children are in Kentucky with their grandmother. They have a good home and I am welcome to stay too, but I can't be satisfied. I tried to but I can't. I am in love with a man here and he loves me I think, but we can't agree. We often fuss as lovers do. He wants to marry me but I don't know whether to marry him or not. I love him and I love my husband too, but we have drifted apart. I have a child here but I can't be with them without I content myself at home and I don't think I can do that, for when I go home and see the old home place where I have spent so many happy days with my husband, I can't stand it. Sometimes I think I will marry this man, but I dislike the rest of the family, so badly, that I sometimes dislike him too. Please tell me how to be contented and what to do.

W. P.

I don't think a woman like you ever will be contented. You were not satisfied with your husband and children; you can't content yourself at home with your parents.

Dear Dolly.—How should cake be eaten, with the fingers or with a fork?

IGNORANT.

Cake may be eaten with the fingers or with a fork.

South Webster, O.—Dear Dolly.—You are the wise one at The Times office. I have some questions I want to submit. Could not a person make a great deal of money by latching on to chickens for some poultry fancier, keeping them for so long and selling them at .03c or .05c each? Would the necessary coops, etc., be expensive? If you know of such a company, advise through column. Where can one learn to be a successful scenario writer? What does it cost to have the words of a song published? Give me the names of a company who publishes the words of a song lyric. I have heard of The P. B. (Lancaster) Music Company in New York City, as a company who publishes song lyrics. Is this correct? And is the use of such a company? Answer these three rambling questions and you will favor.

AN AMBIVALENT.

You couldn't make very much on chickens at that price. It seems to me they would be worth 10 cents or 2 for 15 cents, but of course I don't know much about chickens, other than they are a good to eat. You would need an incubator, and also a brooder, or some place to keep them warm until they begin to feather. All

most every magazine you pick up has such things advertised. You can also get them at the hardware stores in this city. You can't learn to be any kind of a writer unless you have talent along that line. I cannot say what it would cost to have a song published. I can't advertise any company in this column. Inquire at the music stores or else write to the company you mentioned in your letter enclosing stamp for reply.

Dear Dolly.—I have a friend whose table manners are awful. I always thought lots of him till the other night I asked him to stay for supper and he ate with his knife and drank his coffee from the canner. How can I make him understand such things are not done by people of refinement?

WORRIED GIRL.

It requires a great deal of tact to correct a person's table manners without offending the person. Do you think it would have any effect if you were to talk in a general way about this habit to some people here? Quite frequently general discussions will force the listeners to make personal applications. If this method fails, you might ask the person you have in mind if he would appreciate your correcting him of a habit which, you feel sure, causes people to misjudge him in a great many things.

Dear Dolly.—Would like to have a recipe for sea-foam candy.

NEED.

Two cups of light brown sugar. Cover with boiling water, and let it cook slowly without stirring. When it forms a ball in cold water remove from the stove, and allow it to stand for a minute or two before stirring it into the beaten whites of an egg.

A Reader.—Use yours truly or yours very truly in a business letter.

Yours Very Truly.—There are several orphan homes in Columbus and Cincinnati, where you could place the child. If you don't want to do that you might arrange with some family to board the little one, or else let its grandmother or your folks take care of it. You will pay them for their trouble of course. If you could afford it you might just keep him and get some middle-aged woman to look after your home and take care of your baby.

THE LADIES' MUSICALS invited Mrs. Ella May Smith, president for many years of the Woman's Music Club of Columbus, to give a lecture before the Ladies' Musicals, with members of the literary clubs of the city as guests yesterday afternoon at the High School Auditorium, where Mrs. Smith gave her very interesting talk on "The Romance of the Woman's Music Club of Columbus."

Prof. Scharwenka, of Berlin, Mrs. Charles Taft, of Cincinnati, Mr. Leopold Godowsky, of Vienna, and many other noted musicians, all of these being interested in publishing the works of the American Composers.

The very interesting lecture was followed by a beautiful tea at the home of the president of the Ladies' Musicals, Miss Edna Marting. In line to receive the guests, about one hundred in number, were Miss Marting, Mrs. Smith, Mrs. Charles Nichols, Mrs. James Pearce, next year's president, and Mrs. Edgar F. Draper, the eldest member of the Ladies' Musicals, and former president. Miss Marting was attired in white chiffon with trimmings of black velvet and fur; Mrs. Smith wore black chiffon built over black satin with trimmings of white lace; Mrs. Nichols wore a handsome white lace gown over white satin; Mrs. Pearce wore black lace and Mrs. Draper was attired in a lavender champagne gown, the bodice being finished with rare old lace. During the reception the Coerwinski Trio, Miss Alice Blake, Mrs. Albert Wilhelm, violin, and Mrs. Spencer Cole, pianist, played beautiful music. Mrs. George Newman, who is visiting her daughter in Atlanta, Ga., was invited to be in the receiving line, as she was the first president of the Ladies' Musicals, 1893 to 1895, and also elected again 1900-1901 and the third time elected and served 1901-1902, but on account of absence from the city and illness she was unable to be present. The assistants were former presidents, Mrs. Spencer Cole, Miss Mary K. Reed, Miss Alice Blake, Mrs. Albert Wilhelm, Mrs. P. E. Selby, Mrs. Harlow Marconnet, Mrs. Charles Storck, Mrs. Alan Jordan, Mrs. Wells A. Huthelins, Mrs. A. E. Everard. Others who assisted were Mrs. F. L. Marting, Mrs. Albert Marting and Miss Lollie Anderson. Sandwiches, tea and mints were served from a prettily adorned table with pink carnations and pink shaded candles adding to the beauty of the handsome board.

Among out-of-town guests were Mrs. W. A. Bowman, of Pittsburgh, Pa., guest of Miss Anna Cramer; Mrs. Frances, of Mayfield, Ky., guests of Mrs. W. E. Gault; Mrs. Carl Winter, of New York, guest of Miss Mary Holt; Mrs. George Winter, of Hyde Park, and Miss Sylvia Flynn, of Northside, guests of Mrs. John Henrick, and Miss Grace Wilhelm, who is home from New York. The next and last of this season's recitals will be in charge of Mrs. Spencer Cole, Monday, May 3rd.

The names of Mrs. S. R. Crawford, organist, and Miss Hattie Long, member of Trinity church choir, were unintentionally omitted from the list of members who were guests at dinner at the McDermott Hotel last evening.

Miss Stephanie Holman has as guest Mrs. James Henry and little daughter, of New Castle, Ind. Miss Holman will entertain the members of the T. B. O. this evening in honor of her guest.

Mrs. Coles Peebles left today for a visit with relatives in Ashland, Ky.

Miss Laura Yungler left yesterday for her home in Chillicothe after spending a few days with friends in Portsmouth.

Mr. Adam Stahl and sister, Miss Henrietta Stahl, left yesterday for Cincinnati to spend a few days studying the spring styles.

Mrs. Charles M. Howland, of Franklin avenue, left Monday for a week's visit among relatives at Alexandria, Ohio.

Lois Sommer, of the hardware firm of Sommer Bros., spent Sunday visiting friends in Cincinnati.

Mrs. P. Perkins, who spent the winter at Jacksonville, Fla., was in the city Monday, en route to her summer home in New Hampshire. Mrs. Perkins has property interests at Buena Vista.

Mr. and Mrs. W. H. Schwartz entertained the Portsmouth Reading Club last evening at their home on Sixth street. There were twenty-two members present. Miss Belle Dupre, of New Orleans, guest of Mrs. Harry Miller, was an out-of-town guest.

Mr. George D. Sandler read an interesting paper on "Reasons for the Present Financial Depression." Rev. J. W. Dunning's paper on "Watchful Waiting" was also interesting, and Miss Ruth Thompson had a splendid paper on "High Cost of High Living." The papers were followed by a discussion by Messrs. W. D. Gilliland, Harry W. Miller, R. H. Dillon, Maurice A. Coe and Dr. R. O. LeBaron. Refreshments were served at the end of the program. Miss Ruth Thompson will be hostess at the next meeting.

Mrs. Everett Wilkoff was hostess at last evening's meeting of the Progress Club at her cozy home on Logan street. The Ladies' Musicals invited Mrs. Ella May Smith, president for many years of the Woman's Music Club of Columbus, to give a lecture before the Ladies' Musicals, with members of the literary clubs of the city as guests yesterday afternoon at the High School Auditorium, where Mrs. Smith gave her very interesting talk on "The Romance of the Woman's Music Club of Columbus."

It looks Nice—Yes—But How Long Will It Stay That Way?

THAT'S the point—how long will it stay that way? All paint looks practically the same after it's put on a house—but the real test of quality comes in the period of wear, and the appearance while wearing. LAWRENCE HOUSE PAINTS come ready mixed in the purest Linseed Oil—that's why they last far longer and hold their brightness better than other paints.

## Lawrence House Paints

are very economical.

They not only appear well when placed upon a house, but the pure Linseed Oil from which they are made offers a perfect protection against the elements and prevents your property from looking "run down." They cost the same as other paints—but that's the extra value in every gallon.

If you simply mention the brand "LAWRENCE" to the painting contractor who undertakes your work, you'll not be troubled with another painting problem for a long time.

—We guarantee it.

Come in and we'll show you why Lawrence House Paints are above the average in quality.

## YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

No matter what ails your child a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look! Mother, see if tongue is coated. This is a sure sign that it's little stomach and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs", and in a few hours all the constipated, poisonous, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mother can rest easy after giving this harmless "Fruit Laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle. Beware of counterfeit fig syrups. ## GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. Now you can buy at any drug store the ready-to-use tonic called "Wyneth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling. Gray, faded hair, though no disease, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyneth's Sage and Sulphur and look years younger.

## WORK TO START SOON ON C. & O. NORTHERN

As a sequel to the announcement that the Chesapeake and Ohio Northern Railway had satisfactorily adjusted its crossing matters with the county commissioners came the most welcome information Tuesday that work on the line proper from Sciotoville to Waverly would begin without further delay.

"The work of grading the new line just back of Sciotoville will be started right away as we are anxious to have a good deal of the grading well under way during the next few weeks," said Attorney Henry T. Bannan, Monday night.

"The contracts have been awarded for the putting down the first lap from Sciotoville to Waverly and for making the big fill at Sileam and the contractors will soon have many men at work. All we were waiting for is to have the crossing controversy in Scioto county cleared up and now that it has been you can say that actual work on the proposed line from Sciotoville to Columbus is but a few days off," Mr. Bannan said last night.

The various contractors to whom the work has been parceled out to will begin shipping their equipment to Sciotoville and that vicinity the next few days. Chief Engineer Wm. Michael of the Chesapeake and Ohio Northern was in the city Monday going over the situation in vicinity of Sciotoville where the first piece of work is to be done.

## IRE IN SHANTYTOWN; MEN BEAT WOMEN

Carrying a little baby in her arms Mrs. Homer Holliday hurried from her husband's family boat above the Upper Ferry landing to police headquarters Monday night for protection against her husband and her step son, Harry Holliday.

The woman told Chief McCarthy that both of the men were in a habit of abusing and whipping her. Captain Grant Cooper and some officers later went to the boat but were unable to arouse the men from their sleep. Mrs. Holliday finally asked the officers to desist in their efforts. The officers had no sooner returned to headquarters when a call came again. According to the word received young Holliday had struck his step mother and chased her from the boat. Officers found her sitting on the river bank sobbing. The two men were brought to the city prison and locked up. Peeling was found to be strong among others of "Shanty-town" against the Hollidays, different ones telling the police that the two men never work, instead, putting in their time carousing while the woman is forced to work hard every day.

The men were fined \$10 and costs each in police court Tuesday morning.

127 Emily St., Saginaw, Mich.—"Several months ago my face broke out with eczema. It got worse and worse. It was itching, and bleeding. The eczema disfigured me for the time being. It caused much itching and of course I scratched my face and irritated it. I took a treatment but it did not seem to help any. I used several kinds of salves and ointments and kept this treatment up for some time. After using two boxes of Cuticura Soap and the Cuticura Ointment, my face was free from the eczema." ## SAY SUNDAY CAMPAIGN IN PHILADELPHIA IS PROVING TO BE FIZZLE

The following article which appeared in the New York World, is being widely copied all over the country:

"The New York World has been investigating the results of the recent revival of Billy Sunday in Philadelphia and publishes the following:

"Apparently the judgment of Philadelphia upon Sunday has been passed sooner than he expected. Statistics on the results of his revival are not complete. In fact, the members of his campaign committee say that no plans were made to collect much data. But some facts and figures compiled by clergymen, business men and others show these things: Of the 39,493 'trail-bitters' who signed cards acknowledging conversion, about 12,000, it has been found, gave fictitious names or addresses, or were repeat converts who became 'converts' early in the campaign and went at least once more before it ended, after going back to their old habits. Only about 30 per cent of those who signed the cards were the sort Sunday aimed to reach.

"Crime in Philadelphia has increased since the campaign began," says Director of Public Safety Porter. The saloon business is now back to normal, despite the fact that some saloonkeepers admit their business fell off 30 per cent during the first part of the Sunday campaign. The brewers show an increase in business, which they ascribe to a reaction, rather than to the warmer weather.

"Several men, after hitting the trail, got drunk and were arrested. What the analysts consider the most businesslike demonstration of the whole campaign was the signing of 12,000 pledge cards prepared by Secretary of State Bryan. The signers enrolled themselves as members of the National Total Abstinence union, and the saloons around the tubercule, with extra bartenders, did a thriving business after the meeting. Many of those who signed the pledge have admitted since that they went forward only to get a good look at Mr. Bryan.

"Others of the Sunday 'trail-bitters' have since given a somewhat similar reason for taking 'the sawdust trail.' They urged forward after the meetings to shake the evangelist's hand and were caught in the crowd pressing toward the signing table."

## Chips From Sporting Block

There is much interest here in the budding Rhinelanders. If the Reds would only stop the pennant!

Prof. Billy Doyle made a couple of rookies back in their lessons Monday and turned them out of school.

"Watch the Phils," is the slogan in the east. They have copped four in a row.

Wasn't that sweet revenge Al Dorn-are and his slow ball got from Graw's team Monday? The Giant lead-er traded Denure to the Phils and You Know Me Al came back and beat the Giants Monday. It was a shutout of the 8 to 0 brand.

Yes, Molvits is a poor hitter. To date he is hitting at a .312 clip for the Reds.

Al Bridwell has been moved down in

the batting order of the St. Louis Feds. Howard Guyn has sent out the call.

Pitcher Loudenmilk of the St. Louis Browns looks like a real pitcher this year. Hope he doesn't "sour" on his job.

Jess Willard says he is going to give all the white hopes a chance. That's more than he did Jack Johnson.

Al Bridwell writes friends that he is fine shape this spring and expects to play his usual brilliant game. He has been slow in getting into his hitting stride, but he will soon be living 'em out in old time form.

Huntington has just been awarded to the Tie and Rail league.

Lexington will have 25 players in its midst at the end of the week. Manager

You bet, the Reds have a great catching staff. Look at Gonzalez and Tom Clarke. Yes, and don't overlook Ivy Wingo and Charley Dooin.

Tommy Leach is a valuable acquisition to the Reds. His fielding has been simply wonderful.

"I like the Reds. They look like a real ball club this year," said Karl Zoellner Monday. He saw the Reds win Sunday.

The Pittsburgh Pirates haven't showed much so far. The team looks weaker than it has for years.

Prof. Billy Doyle will have another squad of 15 players report here Wednesday and Thursday. A lot of stars in the embryo. At least Doyle hopes so.

## NOW FOR THE ACID TEST

My, but the fans in Philadelphia, that is those who have always been pulling for the Athletics must be yelling good and hard as the Athletics today have played a very amateurish brand of baseball. Connie Mack doped it out that the town needed a team that would win and lose to revive the interest and apparently he has admirably succeeded in placing a team of this character in Quakertown. Now it will be interesting to see how the victory sullied fans, who for the past six years have seen their favorites win about 75 per cent of the at home games stand the gaff or rather how they will encourage a mediocre team.

## Senators Get Poor Start

The Columbus Senators have started wretchedly. They have lost their first five games. They only made three runs in four games played with Louisville. And Johnny Shovlin, a former Babe drove in two of these runs with one of his famous triples.

London, April 20.—The English football association has announced that with the close of the present season on May 5 no more professional football games will be played until after the war is ended.

## JOHNNY EVERS OUT. WATCH THE BRAVES

So far the Boston Braves Men have not missed Johnny Evers. No, not very much. The Braves copped both ends of a double drill from Brooklyn Monday and set out heavy from the starting gate. Johnny Evers is about 30 per cent of the Boston club. Now we shall see.

## EVERS ON SHELF

Troy, N. Y., April 20.—Johnny Evers, captain of the Boston Braves, who was injured in the game at Boston Saturday, arrived at his home in Troy today. His physician found that Evers had sustained a severe sprain of the ankle, and it may be two weeks before he can return to the game.

## WON MARATHON

Boston, Mass., April 20.—Running an overhauled race, Edward Fabre, of the Richmond Athletic Club of Montreal, a contender in several previous contests, won the 10th marathon of the Boston Athletic Association today. His time was two hours 31 minutes and 41 1/2 seconds.

## A NEW STUNT

Bloomington, Ind., April 20.—In addition to moving pictures Coach C. C. Childs of the football and track squads of Indiana university has adopted the photograph as an aid to developing athletes. The coach has had a phonograph installed in the track oval and today the football and track men were put through their paces to the accompaniment of the latest dance music. The music, it is said, is of great aid to the hurdlers in regulating their stride.

## HIGH OFFICERS PRAISE THE LOCAL HARUGARI

Charles Broves and Henry Ohmenhauer, of Cleveland, gross burden and must gross burden respectively, and Mark Brilliant, of Hamilton, gross aufsecker, were royally entertained by local members of the Order of Harugari Monday night.

The occasion was the annual joint inspection of German lodge No. 135 and the Ladies' auxiliary, Louisa lodge No. 106. Over a hundred members attended the meeting which was presided over by Paul Eisehorn, the district deputy of the order.

The distinguished visitors delivered addresses which were received with much enthusiasm, they warmly complimenting the local lodges on the splendid condition in which they found their business affairs.

Following the meeting a sumptuous spread was served in the banquet hall, the festivities continuing until the midnight hour. Much of the success of the affair was due to the splendid arrangements of the committee in charge, which was composed of Mrs. Jacob Findeis, Miss Katherine Reinhardt, Mr. and Mrs. Julius Mortel, Edward Mohr and George Schaffer.

## A SEASON OF UNCERTAINTIES

Seldom in the history of baseball has a major league season started with a greater collection of uncertainties attached to it than the season of 1915, which opened last Wednesday. Whether the fans would take to the sport with the enthusiasm of past years was an open question when the teams took the field for the opening games.

Many distractions threatened to interfere with the success of the season.

## Lecturer To Tell Of Belgium's Needs

What does Belgium need and how extensive is this need in the way of assistance from America?

This question will be answered in an illustrated war lecture by John E. McCrohen, assistant secretary of the Ohio Commission for the Relief of European War Sufferers, to be given at the High School auditorium on Friday, April 23, at 8 p. m., under the auspices of the Scioto County Relief committee. The work in the state of Ohio has been organized since the first of January and such is the success attendant upon Ohio's effort that the national association has copied the form of organization and is using it in most of the states of the Middle West. Auxiliary organizations in more than 75 of the 88 counties of the state are already in existence with a complete equipment of committees and sub-committees in each case.

Mr. John C. Bauer, chairman of the committee of this county, is of the opinion that Mr. McCrohen's lecture will serve to disseminate information and to arouse interest in the work at this point and that larger contributions will be the rule from this on. Mr. McCrohen has been intimately associated with the relief work from the first, having handled all the detail work done by the state association. His talk will be illustrated by more than 100 superb lantern slides which have been made from special photographs taken within the last few months in Belgium, Poland and northern France. They will give a more intimate idea than is possible by any other manner, of the actual need and how this need is relieved through the generosity of American people. It is stated as an absolute fact that more than 1,200,000 persons are daily dependent upon food shipped from this country and from the few other neutral countries that are able to assist. Everything is done on a scientific basis, only the most nutritious and compact foods are

# MR. GROCER!

You are selling food and we are going to give you free gratis a little food for thought. Do you want to increase your business? How foolish, of course you do. Do you think that you can do it by leaving your money go astray. Sending off to another city for your clothes, dry goods and furniture. Has it ever occurred to you if you do this very thing the corner grocer in the big city will get to jingle your dollar and grow? Not you. The more you buy at home the more money people will have to spend at home and you will get the lion's share. Perhaps you will say: No local merchant buys from me, then why should I buy from him? But do you realize how many grocers there are in town and he is buying from some one of these; he can't buy from all of them.

Don't you know that the prosperity of one adds to the good of all? Money spent at home keeps jogging along and it will sure as fate arrive in your cash drawer some time.

The result is that the food is not properly assimilated and the body is not properly nourished. The solution is to eat slowly and thoroughly, allowing the food to be properly digested and assimilated. This will result in a healthy, well-nourished body and a good appetite.

## Marvels of Milk In Beautifying Face

It has always been an open secret that milk has almost magical properties in nourishment and beautifying skin and making it extraordinarily youthful in appearance, but unfortunately in the form of a liquid it cannot be incorporated into the skin, which is necessary to get the result. In ancient times the beauty milk bath was a custom with the rich only of the richest class. How to combine milk with other proper ingredients to make a stable massage cream, and at a cost within the reach of everyone, has never been known until recently. A mixture of half a pint of heavy cream, which can be obtained in any drug store, makes a milk milk cream, remarkable for its quick and surprising results. It so far surpasses even the most effective artificial creams sold that there is no room for comparison. The skin takes on an adorable tint and the wrinkles which would fall to describe, and the filling out of all wrinkles, big and little, makes a tremendous difference in the appearance of age.

**PURITY FIRST**

The Painter's Paint

**To People Who Are Building.**

Start right. Let your painting contract separate from your general contract; then there will be no temptation to make up on the painting for unexpected losses on other work.

Good painting begins with the first or priming coat. Unless that sticks to the wood, all the paint will come off together. Putting good paint over bad is money wasted.

Course pigments or any that form a hard, brittle film should be avoided. These are nearly certain to blister, crack or scale—not at once, perhaps, but eventually. Avoid the annoyance of unsightly paint and the expense of burning and scraping by starting with pure paint.

Start with a priming coat of Carter White Lead and don't think you are being cheated because the painter puts it on very thin. Carter is very fine and with plenty of oil it fills up every pore of the lumber. It becomes inseparable from the lumber and provides a solid foundation for the body coats.

Don't figure that you will save anything by ordering only two coats. It takes three coats to do a satisfactory job on new lumber. When you specify "Carter White Lead" to a "Purity First" painter, you are taking out an insurance policy against decay and depreciation and eliminating the most common cause of future paint trouble.

## Chips From Sporting Block

There is much interest here in these battling Athletics.

Prof. Billy Doyle found a couple of rookies back in their lessons Monday and turned them out of school.

"Watch the Phils," is the slogan in the east. They have copped four in a row.

Wasn't that sweet revenge Al Demaree and his slow ball got from McGraw's team Monday? The Giant, leaded, traded Demaree to the Phils and you know McGraw came back and beat the Giants Monday. It was a shutout of the 3 to 0 brand.

Yes, Mollwitz is a poor hitter. To date he is hitting at a .332 clip for the Reds.

Al Bridwell has been tossed down in

the battling order of the St. Louis Reds.

Pitcher Loudermilk of the St. Louis Browns looks like a real pitcher, this year. Hope he doesn't "sour" on his job.

Less Willard says he is going to give all the white hopes a chance. That's more than he did Jack Johnson.

Al Bridwell writes friends that he is in "shape" this spring and expects to play his usual brilliant game. He has been steady in getting into his hitting stride, but he will soon be hitting "on" in old time form.

Huntington has just been awarded the 1914 and 1915.

Longington will have 33 players in his outfit, the end of the week. Manager

Howard Guyn has sent out the call.

You bet, the Reds have a great catching staff. Look at Gonzalez and Tom Clarke. Yes, and don't overlook Ivy Wingo and Charley Booth.

Tommy Leach is a valuable acquisition to the Reds. His fielding has been simply wonderful.

"I like the Reds. They look like a real ball club this year," said Karl Zoellner Monday. He saw the Reds win Sunday.

The Pittsburgh Pirates haven't showed much so far. The team looks weaker than it has for years.

Prof. Billy Doyle will have another

## MILLER HUGGINS ISN'T WORRYING

Miller Huggins.

This new picture of Miller Huggins was taken after a recent game between the Cardinals and the Cubs, which was won by the former. Huggins expects to make a fine showing in the National league this year. Although the Reds tore some bad holes in his lineup, he has been able to patch them up to a great extent, and many believe the Cardinals will be the surprise of the league.

## OH JOY, REDS WIN AGAIN

Those joyous Reds are still climbing. Indeed they are. They rained another victory into the Miller Huggins outfit from St. Louis Monday. The final looking like a 1 to 1 affair. King Lear ruled with an iron hand and the fair sons of Miller Huggins were allowed but four wildly scattered hits. Peer over the following figures:

Mayor Jacob Messer continues very ill at Oak Hill and hopes for his recovery have practically been abandoned. He was a recent patient at Hempstead hospital.

## NOW FOR THE ACID TEST

My, but the fans in Philadelphia, that is those who have always been pulling for the Athletics must be yelling good and hard as the Noodles today have played a very unorthodox brand of baseball. Connie Mack duped it only that the town needed a team that would win and lose to revive the interest and apparently he has admirably succeeded in placing a team of this character in Quakertown. Now it will be interesting to see how the victory situation fans, who for the past six years have seen their favorites win about 70 per cent of the time games stand the gift or rather how they will encourage a mediocre team.

## Senators Get Poor Start

The Columbus Senators have started wretchedly. They have lost their first five games. They only made three runs in four games played with Louisville. And Johnny Slevin, a former Babe drove in two of those runs with one of his famous triples.

Blonding, Ind., April 20.—In addition to moving pictures, C. C. Childs of the football and track squads of Indiana university has adopted the phonograph as an aid to developing athletes.

## IRE IN SHANTYTOWN; MEN BEAT WOMEN

Carrying a little baby in her arms, Mrs. Homer Holliday, hurried from her husband's family boat above the Upper Ferry landing to police headquarters Monday night for protection against her husband and her step son, Harry Holliday.

The woman told Chief McCarty that both of the men were in a habit of abusing and whipping her. Captain Grant Cooper and some officers later went to the boat but were unable to arouse the men from their sleep. Mrs. Holliday finally asked the officers to desist in their efforts. The officers had no sooner returned to headquarters when a call came again. According to the word received young Holliday had struck his step mother and chased her from the boat. Officers found her sitting on the river bank sobbing. The two men were brought to the city prison and looked up. Feeling was found to be strong among others of "Shanty-town" against the Hollidays, different ones telling the police that the two men never work, instead, putting in their time carousing while the woman is forced to work hard every day.

## NOON EXTRA ANNIVERSARY.

One year ago today our Noon Extra edition made its appearance on the streets and it is most gratifying to the publishers to be able to announce that its success has been of such a phenomenal character that it will be continued and made a permanent edition of The Times. Every effort will be made to give this little paper an individuality all its own. Many features will appear in it that will appear in this edition only. At present we are running the Eva Shepherd cartoons in The Noon Extra only and it is our intention to add another comic in the near future. This edition gives a brief resume of the news up to 11 o'clock, and carries the big stories of the night and early morning, both at home and abroad.

We have often been asked as to the circulation of the Noon Extra. Well, it varies according to the news. It is purely a street sale edition and its sale depends largely upon what is going on. The sale has run over 4,000 and it has never gone below 1,100, the latter being on rainy days, the average daily sale for the year being 1,500 copies. With the purchasers the edition has come to be regarded as a necessity, and it can be truly said to have filled a niche all its own. It is filled with live news, the whole four pages, and the pink paper upon which it is printed, adds to its attractiveness.

The Noon Extra edition is not a money-maker to The Times. It is regarded more in the light of an advertisement for the paper, and as a part of the plan of the publishers to give Portsmouth people service equal to that in any large city.

We recently closed a contract for a load of pink news so that the distinctive color of the edition should not be lost in the shuffle. We also purchased green and yellow rolls of paper upon which special and extra editions will hereafter be printed.

We are appreciative of the many citizens whose patronage of The Noon Extra has made it a success and we will continue in our efforts to make it bright and readable.

In this connection it is not unwise to say that The Times will shortly add another edition, an early mail edition, designed to catch the afternoon trains and thereby covering nearly twice the same evening. This edition will contain all of the news of the regular edition excepting one page or upon rare occasions, two pages.

## JUST AN ADMONITION.

Taking occasion of the fact that there were to be two marriage ceremonies in the church this week, Reverend Father McGuirk, of Holy Redeemer, offered some salutary admonitions in regard thereto. He would impress that matrimony is the most serious and the most sacred relationship that man and woman can enter into. Therefore the ceremony which makes them husband and wife is not to be lightly regarded, but observed with a solemnity that is in keeping with its importance. Too often, nowadays, the sacrament was accompanied by a display of alleged humor that degenerated into something worse than buffoonery and the jokes perpetrated upon the bridal couple transgressed decency and offended modesty. He was happy to say that such deceptions were becoming more infrequent, but youth was ever heedless and it was well it should be cautioned to take thought, because otherwise it was too apt to imitate any excess, or so called fun. With divorce the national crime and shame, sapping not only the security of the home, but the very foundation of just government, it was more necessary than ever that the sanctity of marriage should be held inviolate, its ceremony be altogether safe from profanation and he hoped Holy Redeemer would be the last to witness any action of its membership that would reflect anything other than a reverent regard for marriage and its ceremony.

The words of the pastor are as serious as they are opportune. The constantly expanding evil of divorce to which he adverts is palpably within the observation of all those who take any note of public conditions. It is, possibly, true, as he offers that the jest and buffoonery now so often an accompaniment of marriage ceremonies have a strong tendency to make the marriage itself, if not a mockery, an altogether too lightly regarded an undertaking. A thing is consequent, or sacred as the public mind takes it, because individuals are seldom stronger than public opinion. If the public make light, mock and jest, of an undertaking, the ties that bind therefrom will be lightly regarded and so easily cast aside and disregarded by one or both parties concerned.

## A FALSE ALARM

## SOME ACCIDENT STATISTICS.

A friend sends us a circular issued by the National Safety Council showing that in the past 25 years 237,181 persons were killed or injured walking on railroad tracks or slipping on cars in the United States. Of these 113,570 were killed and 123,611 were injured. 168,640 were citizens of the locality in which the accidents occurred, mostly wage earners; 33,205 were children under 18 years of age; and 47,436 were trains and hoboes. Thus 80 per cent were either citizens who carelessly walked on railroad tracks or who attempted to hop trains, or were children who had made railroad tracks their play grounds or who had attempted to slip on trains and steal a ride.

These appalling statistics should bring home to our people the danger attending intrusion upon railroad tracks or property generally and the necessity of the greatest caution when it becomes necessary to cross tracks. It should also impress upon parents the urgency of the strictest discipline in the case of children who are found to be disobeying orders and wandering about freight trains or playing on railroad tracks.

Each person and each family ought to be a little "Safety First" organization, not only as regards railroads but also as regards all other forms of danger. If they would do this there would be a wonderful decrease in the number of accidents.

## NEW TIMES FEATURES.

The Times has closed a contract with the New York Herald Syndicate by which, beginning May first, we will resume the daily cartoon and feature service so long carried by this paper. This includes the old favorites, "Trials of Editor Mouse," "Diary of a Dyspeptic," "For This Have We Daughters," and the like. They will add to the general attractiveness of the paper during the summer months.

The Times is primarily a newspaper. We have one price to all and we do our best to give full value received to each and every subscriber. That we succeed is shown by the fact that occasionally a subscriber may wander away to another paper, but they invariably come back.

Of course Charlie Dixon and Big Bill Jenkins are all right enough as ward workers, but no doubt they realize now that they overshoot the mark a little when they invited a great big statesman like W. G. H. to come to New Boston and make a speech at their free feed. When the real high-toned element of the party wanted our new senator he didn't run away from their feed. Not much. He's going to be here and Charlie and Big Bill and the rest of their cohorts can have the privilege of looking at the great man and the local great men as they march by in the procession at one dollar per look.

## Doc Koko's COLUMN

## Keep Smiling But—

It will not suffice to keep smiling; It will not quite serve to be gay. It's never enough to sing out: "I'm the stuff!" I'll win—if you give me my way. You've got to stand up to dissatur, Defeated, your courage renew; Then say with a grin that means business, "I'll win In spite of the worst you can do!"

The world loves a smiler—that's granted; But sometimes the world, without fear, Is quick to surmise that his anger won't rise, So hands him a poke in the ear! Then if he keeps intently smiling Nor takes in his humor a lick, The world will declare: "Since he seems not to care, I'll swat him another for luck!"

Keep grinning! Oh, yes, be as cheery As ever you wish to the while; But show that beneath is a full set of teeth To back up and bolster the smile. Remind the old world that you're ready To fight to the end of the war; The world then—no myth—you will get to smile with you That might have smiled at you before!

## HOW THE ANIMALS MADE GARDEN

In telling of the garden plots, I think I will commence With J. Augustus Rabbit's, which was planted next the fence. "If I may plant just what I please," young J. Augustus said, "I'm very sure that I would like a splendid cabbage bed."

"A cabbage is a lovely thing; it's pleasing to the eye. And will be pleasant to the taste," he added, "by and by." And so he set some cabbage plants, all neatly in a row. Then watched them with an anxious eye to see if they would grow.

And grow they did, until one day young J. Augustus said, "I'm sure that it would do no harm to eat one cabbage head. I never had experience," said he, "with garden stuff. I'll have to eat one so I'll know if they have grown enough."

Next morning when the children went to see their garden beds They found that all the cabbages had lost their nice green heads. They ran for J. Augustus and said, "Come out here quick!" But J. Augustus only moaned, "I can't; I'm too sick."

The reason for this state of things is very, very plain. Augustus dined on cabbage till he got a dreadful pain. Said he, "I have decided the next garden that I make Will only have things in it that won't make my stomach ache."

Then Mother McGrew shook her kindly old head, "I know you'll be wise the next time," she said. "For I'm sure you'll agree, there's no uglier weed 'Than a young child can grow than the one that's called greed."

## BIG EATERS GET KIDNEY TROUBLE

Take a glass of Sals before breakfast. If your back hurts or bladder bothers you.

The American men and women must guard carefully against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish, the eliminative system clogs and the result is kidney trouble. Kidney weakness and a general decline in health. When your kidneys feel like lumps of lead, your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sleeplessness or dizziness, nervousness, or a general feeling of uneasiness when the weather is bad, get from your pharmacist about four ounces of Jad Sals; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous sale is made from the acid grapes and lemon juice, combined with lithium and a general diuretic, and is a safe and reliable remedy for kidney trouble, to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders. Jad Sals is inexpensive, cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney during any time.

# Work On Village Improvements At New Boston Pushed

Adoption of one ordinance and two resolutions of minor importance was the principal work of New Boston council Monday night. Member Thomas Harr was present, but had to leave on account of sudden illness.

Bills amounting to \$350.70 were allowed. Watkins and Phillips contractors, laying the pipe for the village's distribution system, were allowed their fourth estimate of \$1200 on their contract of \$7380.82, with a balance of \$1736.82 remaining. The Standard Supply company was allowed its fourth estimate of \$2,000 on its contract of \$16,481.00 for material for the water system. A balance of \$228.82 is to be paid.

# WORK TO START SOON ON C. & O. NORTHERN

As a sequel to the announcement that the Chesapeake and Ohio Northern Railway had satisfactorily adjusted its crossing matters with the county commissioners came the most welcome information Tuesday that work on the line proper from Sciotoville to Waverly would begin without further delay.

The contracts have been awarded for the putting down the first lap from Sciotoville to Waverly and for making the big fill at Siloam and the contractors will soon have many men at work. All we were waiting for is to have the crossing controversy in Scioto county cleared up and now that it has been you can say that actual work on the proposed line from Sciotoville to Columbus is just a few days off," Mr. Bannon said last night.

The various contractors to whom the work has been parceled out will begin shipping their equipment to Sciotoville and that vicinity the next few days.

## EXAMINE WITNESSES IN BIG DAMAGE SUIT

Good headway in the examination of witnesses in the Burt-Alsbaugh \$20,000 alienation case was made Monday afternoon, the plaintiff's attorneys concluding their case before the session was over. Several of the defendant's witnesses were examined before adjournment.

Edward Burt, the plaintiff, was the last witness called by his attorneys. He gave his age as 26, and said that he was married in 1910 to Adah Cooper, and that one child was born to them. He said they lived with his wife's mother, and got along nicely together until September 22, 1914, the date mentioned in the petition. His average weekly wage was \$12, he said, and his wife handled all of the money.

In response to a question from Judge Blair, he said he had no definite knowledge of his wife's infidelity until after taking the depositions of his wife in their divorce suit.

He testified that he got his first knowledge of her misconduct on February 15, and that as soon as he learned the name of the man who he thought ruined his home, he sued him for damages.

On cross examination, he said that he was working on the day of the Wild West Lanch Show, and could not remember whether his wife was home when he returned home that evening. The defense is attempting to show misconduct on the part of the wife on that day, which was before the date mentioned in the petition.

Burt denied any knowledge of misconduct of his wife with any other men except the defendant prior to the filing of the petition for damages. He also denied having gone to certain places in the city and of having found his wife in company with other men.

The deposition of George Ebner, a former Portsmouth young man, now in the United States army, was offered by Attorney Funk for the defense. Ebner is now stationed at El Paso, Texas. In the deposition he said he knew Mrs. Burt, and roomed at her home from August, 1914, to September 5, 1914. He further states that he was guilty of improper relations with her early in September last, about three weeks before the Korn Carnival was held.

Another deposition was offered that of Perry Moore. He said he first became acquainted with Mrs. Burt in August, 1914, when he went to her home to see Miss Martha Holland, with whom he said he kept company until she left the Burt home.

David A. Alsbaugh, the defendant, was the next witness called. He testified that he had known Adah Burt for the past eight years, and that he had been located in business in his present location for twelve years. The plaintiff's wife, he said, had made many purchases at his store since her marriage in 1910.

He then testified that she came into his place on September 22, 1914, to buy a dayvorn, and that she selected a \$19 dayvorn, paying \$5 down on it. He said that he and the woman were on the second floor for between ten or fifteen minutes that day, and that she left for home immediately after. He denied having hugged or kissed her, or of having improper relations with her.

She returned the following afternoon, he said, and later he received a note from her, asking him to come over to the house as the dayvorn was unsatisfactory and she wanted to exchange it for another. He said he sent a man over to attend to it.

When she came to select the second dayvorn the witness said that Mrs. Burt said she wanted a rockier, and that he took her to the third floor to show her the L. & N. passes with him. He wired stock. While there, he said he left for them after reaching Newport.

## Mad Dog Causes A Hill Top Scare

A mad dog caused quite a neighborhood commotion at Summit street and Robinson avenue before it was killed by Police Clerk Dennis Coriell Tuesday morning.

The officer dispatched the dog with his shot-gun, which he stopped at his Hill-top home enroute to the scene. The dog was a big black mixed shepherd and spaniel belonging to E. J. Warden, an N. & W. freight conductor of McConnell and Robinson avenues.

Four dogs in the neighborhood were bitten by the canine, and as it showed unmistakable signs of being afflicted with rabies, the police notified all of the owners to keep these isolated and penned up.
